| Comprehensive assessment report (4 hours plus) * | \$775.96 | \$800 Inclusive of GST |
| Recommendation letter | \$193.99 | - |

* Depending on the complexity of the report, billing will be subject to time spent to write.

- NDIS, Private and Medicare rates are inclusive of GST
- As Wordplay Speech Language Pathology is a private practice, there is a gap payment that is funded by yourself – the rebate covers only part of the cost. Sessions must be paid in full before rebates can be claimed.

Session outline:

- Initial session will be a case history session
- Second session will be a rapport building and/or assessment session (more sessions may be needed depending on the assessment needed/used)
- Goal setting session (brief 15 minutes to discuss what the goals will be, how you would rate them for importance and performance) and intervention
- Subsequent sessions will be intervention sessions targeting outlined goals
- Sessions typically run for 45 minutes face-to-face/telehealth session and 15 minutes documentation.

- Sessions will be billed for 60 minutes, unless otherwise stated. For every 15 minutes over the allocated session time (60 minutes), an additional fee will be charged.
